[SC21-277 In Re: Amendments to Florida Rule of Civil Procedure 1.442](#)
Statewide - Begins at 9:00 a.m.

The Court is considering, on its own motion, proposed amendments to Florida Rule of Civil Procedure 1.442, Proposals for Settlement. The proposed amendments would explain how to interpret the rule, would more closely reflect Florida statutes and case law, and would set out the procedure for making joint proposals. The Court received three comments.

SC20-506 Robert Velazco v. State of Florida
Miami-Dade County - begins about 9:30 a.m.

Velazco was convicted of leaving the scene of a crash involving serious bodily injury, driving under the influence (DUI) causing serious bodily injury, and DUI causing property damage. Velazco appealed, arguing that his convictions for both DUI serious bodily injury and DUI property damage violated double jeopardy because they are degrees of the same offense as provided by Florida law. The Third District Court of Appeal affirmed Velazco's convictions and certified direct conflict with the Fourth District Court of Appeal.
